

ask ADVi

HOW TO GET THE MOST OUT OF ADVi

ADVi is a chatbot that uses text messages to answer your questions about college. Use these tips and tricks to make sure you get the best help ADVi can provide!

Ask short questions, one at a time.

"Where can I find scholarships?"

Write out your questions instead of just sending single words (e.g., ask "What does EFC mean on the FAFSA?", not "FAFSA EFC"). And **just send one question per text!**

Ask general questions about college.

"How do I use ApplyTexas?"

ADVi knows a lot about college in general! If you have a super detailed question or want info on a specific college, text **#followup** and one of ADVi's human advisors will get in touch to help!

Text in #commands for specific topics.

#resume | #help

Not sure exactly how to ask your question? **Try a #command!** Text **#followup**, **#help**, **#essaywriting**, **#resume**, **#finaid**, **#schooltypes** or **#studyhelp**, and ADVi will send you a menu of prompts to help figure out what you need.

Get Started Today.

There are three ways to begin texting with ADVi. Pick one and get started!

1. Text **COLLEGE** to 512-829-3687
2. Begin your **ApplyTexas** application to get started
3. Scan the **QR code**
